Japanese Culture & Interacting with Japanese People

Japanese Culture

In order to let our students have more meaningful experiences in Japan, we offer them opportunities to experience cultural activities such as tea ceremonies. We take pride in showing them our Japanese courtesy in their daily lives.

Interacting with Japanese People

The campus is shared with the Japanese students, so there are plenty of opportunities to make Japanese friends at on-campus events.

How you feel about yearly Events?

I attended the Japanese Speech Contest At last I got the Grand Prize this year. This is a nice experience for me. Would you try that in Japan?

Teachers and friends will help you. You will be able to enjoy Japanese life here in Utsunomiya. I Love Japan

Really very excited to see Cherry Blossom!
Cherry Blossom has a kind of smell!!
Happy to wear yukata in summer !!
While making Japanese tea,
It felt difficult to sit on heel,
but it was a good experience
of Japanese culture.

I Love JP!

A competition with Japanese students in sports day was a joyous moment. There are many opportunities to interact with Japanese students.

We met with Ninja!
Experience of being Ninja was amazing!!

Teachers are very kind. They always talk to us and help us. You can consult with them about your future, your problems, etc. Thanks to the kind teacher, I passed N1 Level Test of JLPT and the Entrance Exam of Meiji Univ.

Challenge

We got a chance to meet Mickey Mouse in Disney land. We also went Cinderella castle.

Happy

I'm really happy to choose this school. I was able to make a lot of friends here at school. First I came to Japan, I didn't understand even Hiragana, Japanese alphabet. I decided to study Japanese at that time. Since then I have learned it very hard. Now I got the certificate of N1, JLPT Test. I appreciate our teachers and Japanese friends.
